

AMENDMENTS TO THE DRAWINGS

Please replace FIGS. 1-8 with the five (5) replacement sheets attached with this supplemental amendment.

REMARKS

This is a second Supplemental Amendment filed in response to the Examiner's request for drawing changes made in a telephone conference with the undersigned on March 1, 2006. This amendment is provided to correct a number of errors in FIG. 6, to make FIG. 6 conform with the written description. Specifically, FIG. 6 has been amended to remove the text "I³WEB" from the depiction of tools 64, 65, and 66. In addition, tool 64 was corrected to read "Service Definition Tool," and tool 66 was corrected to read "System Development Tool." With these amendments, FIG. 6 now accurately conforms to the written description.

In view of the foregoing and the Amendment mailed on February 13, 2006, this application containing pending claims 28-34 and 36-55 is in condition for allowance. Reconsideration and notice to that effect is respectfully requested.

Respectfully submitted,

KINNEY & LANGE, P.A.
